Fao Marion Geary

Dear Marion

Thank you for you consultation for the revised proposals regarding the above development.

Broadly speaking, I have no additional comments to add to those made by Michele Snoding in her response of the 14th June 2022, except on one point.

The proposed permissive route on the west side of the site provides good new connectivity to the PROW network, whereas the one to the east, to some degree, replicates links that already exist.

Whilst both routes are welcome, it would be of greater benefit to the public if the western route were to be dedicated as a full public footpath and I would be grateful if the developer could consider this.

Yours sincerely

David Munn, West Kent Area Manager - Public Rights of Way & Access Service, West Kent PROW Team, Kent County Council, Growth Environment and Transport, Growth and Communities, Worrall House, Kingshill Avenue, Kingshill ME19 4AE , Tel: 03000 414121, Mob: 07920 428452, www.kent.gov.uk/explorekent, www.kent.gov.uk/countrysideaccess,
